## Nominate an innovative or exemplary person, program or plan

The Denver Regional Council of Governments awards celebration highlights the efforts and achievements that make the Denver region an exceptional place to live, work and play. It honors the individuals, plans, programs and projects that elevate the region's quality of life and represent progress toward the future envisioned in Metro Vision. Consider nominating your community's exemplary collaborations or innovators in one of the following categories:

### ***Metro Vision Awards***

The Metro Vision Awards recognize excellence, innovation, collaboration and leadership in problem-solving among communities and their partners. The realization of the Denver region's shared vision is through programs, projects and plans that bring business leaders, elected officials, community advocates and residents together to accomplish more than any partner could achieve alone.
