Mr. Todd Cottrell,

The purpose of this letter is to request DRCOG's approval of a scope change regarding Transfort's previously awarded FY23 Congestion Mitigation and Air Quality (CMAQ) funds for TIP Project ID#:2016-011 in the amount of \$250,000 to extend the FLEX from Longmont to Boulder. This change entails allocating the funds towards the purchase of on-route chargers for battery electric buses at Transfort's South Transit Center, an eligible CMAQ expense other than operating assistance for which the funds were originally awarded.

Thank you in advance for bringing this request to the full DRCOG Board of Directors for approval as a Transportation Improvement Program amendment in July. Please let me know if you have any questions.

Sincerely,
